*Ride with confidence*

Welcome to the latest range of sports and leisure cycles from Falcon, leading UK manufacturers of hand-built, top quality bicycles for all the family.

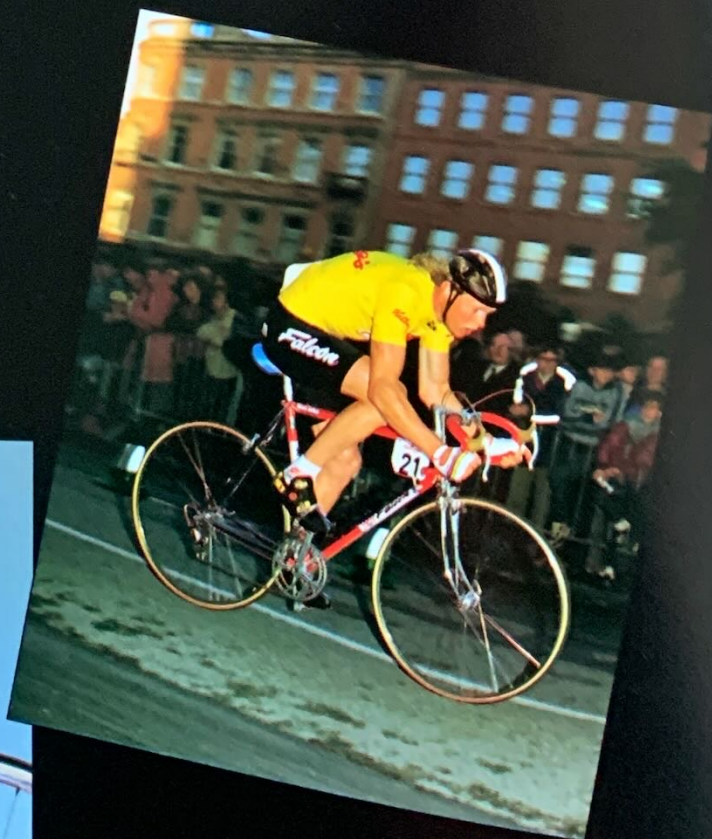

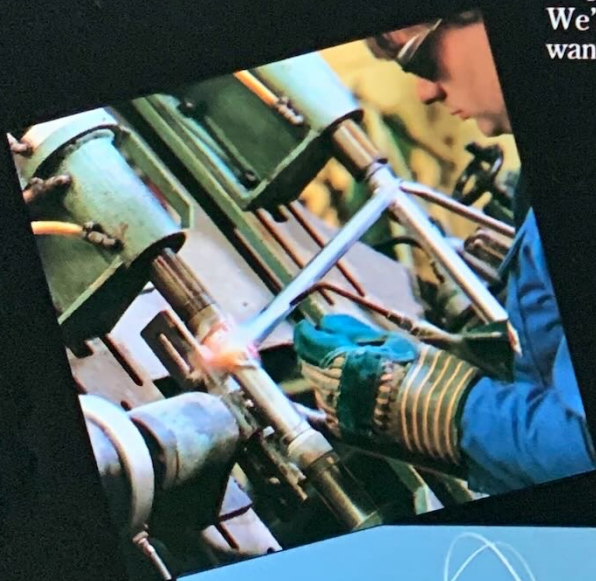

For the very young, the sturdy, three-wheeled trike has been carefully designed for the safe development of a young child's confidence on wheels. At the other end of the range the high performance TRIOMPHE racer incorporates many of the features found on the highly successful Falcon Professional racing team bikes.

Hand-built by craftsmen and assembled under conditions of strict quality control, every cycle is the result of extensive market research and innovative ideas in design and development. The final touch of style and distinction is added by the striking new graphics and paint finishes, setting the seal on the quality for which Falcon Cycles are renowned.

In fact, with over 100 years' experience in the cycle industry, quality is something Falcon know a great deal about. That's why they give a two-year guarantee on the frames and forks of all their sports and racing cycles.

So, whether you simply want to enjoy a healthy and leisurely ride in the country, or have an ambition to become the future world champion, you'll find the perfect machine on the following pages.

Ask your local stockist to let you try out our new range. We're confident that once you've sat on a Falcon you'll never want to settle for less again.
