SALSA STEMS

Proper position and fit make for more comfort and power. **SALSA** stems, which are available in several types and sizes, provide great flexibility in establishing the rider's optimum position on the bike. All **SALSA** stems are made of CRO-MOLY steel.

SALSA 'PRO-MOTO'

- * IMPROVED PULLEY DESIGN DECREASES CHANCE OF CABLE DAMAGE
- * HANDMADE
- * TIG WELDED
- * 8 SIZES TO INSURE OPTIMUM POSITION

SALSA 'MOTO'

- * HANDMADE
- * TIG WELDED
- * SAME SIZES AS THE 'PRO-MOTO'

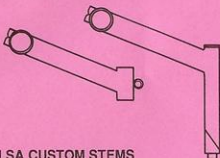

'MOTO' & 'PRO-MOTO' stems may be used with or without shims to mount all 22.2mm. and 25.4mm. bars (P-series stems are made in both 25.4mm. and 26.0mm. clamp sizes). Standard finish is satin nickel plate. Black powder coat is available at extra charge. The 'MOTO' stem requires a headset mounted cable guide.

SALSA ROAD STEMS

Available in 5 to 14cm. (1 cm. increments) in both the traditional style and a new 5° up model.

SALSA SPRINT STEMS

Although the need still exists not many stems are made anymore to handle the positioning, strength, and rigidity needed by today's top track sprinters. **SALSA SPRINT STEMS** are made to fill that need. Stock sizes are 9 to 12cm. (1cm. increments) in the traditional deep drop style.

SALSA CUSTOM STEMS

Many positioning requirements can not be met by stock stems that are readily available, which is why we continue to offer stems that are custom made to your specifications. There is little doubt that **SALSA CYCLES** makes more custom stems than anyone else in the world. Custom-sized stems in any quantity are available by special order. These can be made for any cycling application.

SALSA HANDLEBARS

Made in the USA by True Temper of 4130 butted cro-moly. Available in black chrome or silver chrome finish.
