

1996

**REDLINE**

# bmX racing

In my travels to all the Nationals & touring the summer of '95 I've noticed one thing most-that people want the best product they can get. It used to be the winner was the one who trained the hardest. Now, if you don't have **light, strong, equipment** you're at a disadvantage.

Riders are really serious about the equipment they use. Any advantage helps-like Redline's full line of bikes and racing components. I am happy to be apart of this great sport and help spread the word: It all starts

with a REDLINE.

-Greg Hill

It all starts  
with a **Redline.**

## PROLINE 20"

SIZE	20" Pro XL
FRAME	4130 crmo oversized
FORK	4130 crmo w/taper
HEADSET	Dia-Compe Ahead
CRANKS	Redline opc 180mm
HANDLEBAR	Redline forklifter 7" crmo pro bar
STEM	Redline stealth 6 bolt

PL-24" Cruiser	22.0	16.1	71°	69°	12.00	26.8

# parts & accessories

What kind of edge do you want  
over your competition?

It's time to advance to another level. Redline's collection of light, solid, precision components represents our commitment toward that goal. Redline Flight Group accessories were designed to maintain your edge as well as improve it.

## Flight Group Cranks

The number one racing crank in BMX history. Lighter and stronger than ever before, the Redline Flight Group Crank set is racer-ready - just add sprockets.

Complete Set includes:

- Lightweight heat-treated tubular chromoly arms and spindle.
- Sealed bearing bottom bracket set.
- Spindle bolts
- T-handle allen wrenches.

Available in 175mm, 180mm and 185mm lengths.

Made in the U.S.A.

## Flight Group Chainwheel

Precision Engineered from aircraft grade aluminum, these babies are the only sprockets made exclusively for use on the legendary Flight Group crank set. Comes in Silver or Polished, with 37-47 teeth. Made in the U.S.A.

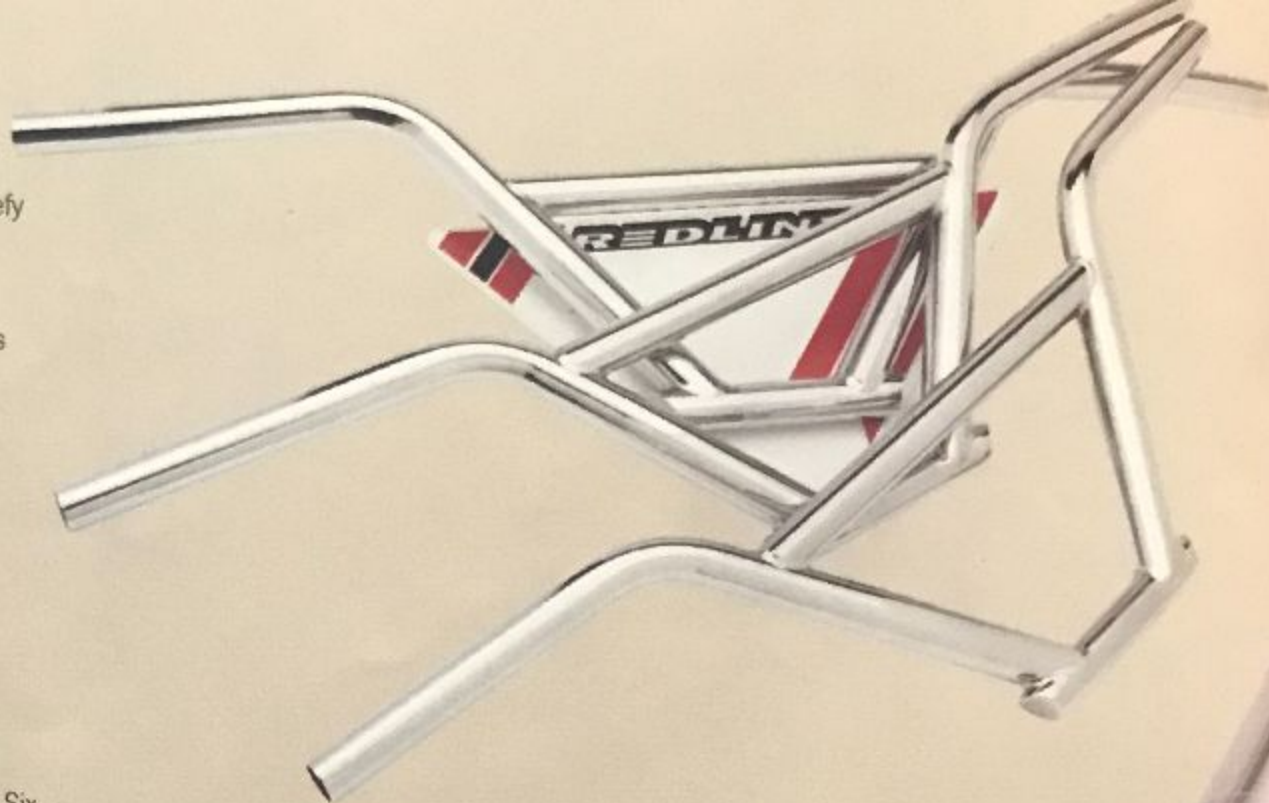

## Flight Group Aluminum Crank Arms

The first aluminum crank arm set light enough and strong enough to bear the Redline name. Now there's a Flight Group crank for every racer. Available in 160mm, 165mm, 170mm, 175mm sizes. Made in the U.S.A.

### Forklifter Handlebars

All new for '96, the next generation Redline forklifter bars include a burly 19mm crossbar. Be strong, go fast. Forklifter bars are available in "7" or "8" race sizes plus our extra-beefy freestyle model.

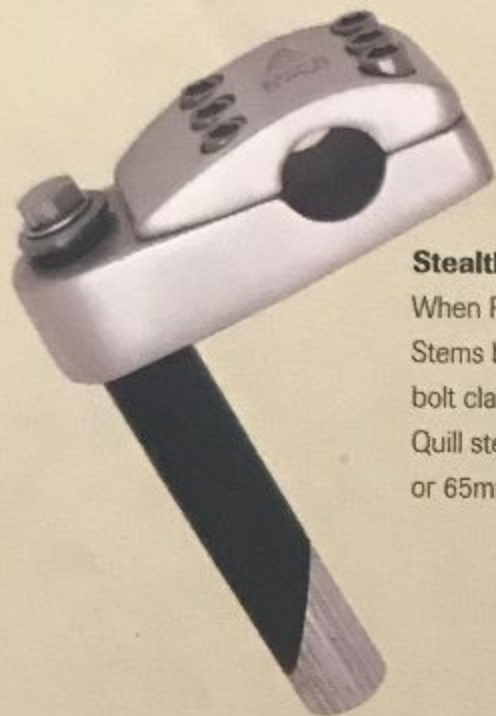

### Redline Number Plate

Put your numbers on a Redline number plate. This plate was designed for use with Forklifter bars.

### Stealth Pro Stem

When Redline Stealth Pro Stems bite hard with their Six-bolt clamp, they won't let go. Quill stem available in 53mm or 65mm reach.

### Microline Mini Stem

This stem is a superlight 175 grams, made from 6061 Aluminum and heat-treated for durability. High tech mini diet includes a titanium pinch-bolt. Made in the U.S.A.

### Threadless Stealth Pro Stem

This stem has the same Six bolt clamp as the Quill stem. Threadless stem for 1 1/8" steerers comes in 65mm reach.

### Titanium Bolt Kit

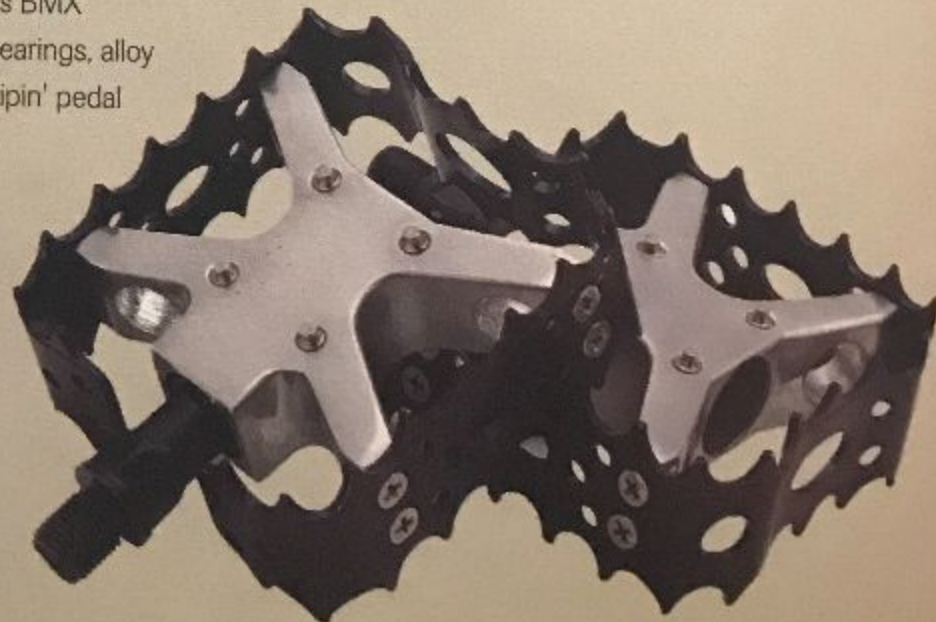

(not Shown) A high tech way to lighten your flight cranks. Made from 6AL-4V Titanium. Made in the U.S.A.

### RL Flight Pedals

These are serious BMX pedals. Sealed bearings, alloy body and a no slipin' pedal cage.

### RL Nylon Pedals

Start pedalin' with these low profile Redline BMX pedals.

REDLINE

**Snakeskin Saddle**

Redline's padded racing saddle includes a durable scuffplate to resist seat grind. Available in Silver. No snakes were harmed to make this cool saddle!

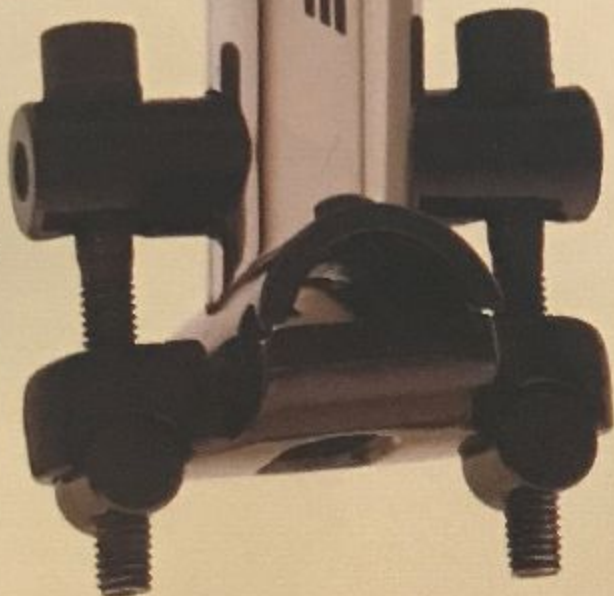

**MX Saddle**

Redline's BMX Saddles are low-profile, and high style. Drop-nose for extra strength.

**RL Seatposts**

Classic Redline seatposts are built to last. Chromoly strength and chrome plated. Straight or laid back.

**Flight Group Seatpost**

Redline's racing post shaves precious weight but saves strength with its chromoly post. 14" length and 317 grams.

**Redline Dropout Savers**

Aluminum Frames cost alot - these don't! Save your dropouts! Available in Silver, Blue, Red, Purple or Black.

**Redline One Piece Crank**

This O.P.C. is a great upgrade for your existing crank. 100% chromoly. Redline Designed. Available in 175mm or 180mm.

**Flight Group Tire**

The three R's - Redline Racing rubber with BearClaw tread. Deep knobs and big shoulder lugs give these tires great cornering. Available in 20X1.8 or 20X2.1 all black.

**RL Logo Tire**

Staggered RL tread gives great all-around performance on the road or on the track. Skinwall or blackwall.

**RL Seatpost Clamp**

Alloy forged seatpost clamp the Redline way. Comes in Silver or Black

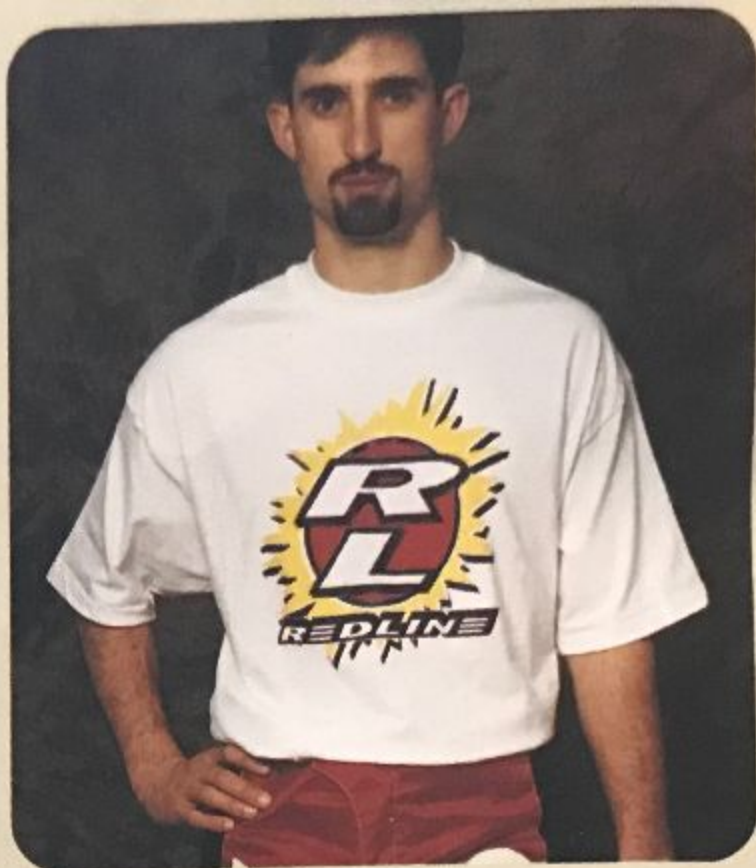

**Sealed Bearing Hub**

Redline Hubs incorporate a chrome plated aluminum body with Cromo hollow axles. Flip-flop design allows for use of 14T or 15T freewheels.

**RL Logo T-shirt**  
 This new 100% cotton T-shirt has the new Redline Uniform RL on front. Comes in small through XL sizes.

**Redline Aluminum Axle Nuts**  
 Colorize your axle with Redline's high quality Aluminum Axle Nuts. Comes in 4 colors Black, Silver, Red, Purple or Blue.

**Flight Group Grips**

Wrap your paws around the new Redline XL grips. They're soft, durable and when the ends get thrashed, replace them! Available in Black or Clear. Made in the U.S.A.

**Redline Decal Sets**  
 Decal your stuff with a Redline logo or upgrade your bike to the '96 graphics!

**RL Uniform**  
 Sport the colors of a winner. These are full feature racing threads-made for heavy wear and tear.

**Threadless Fork Kit**

Makes old bikes new again. Now any BMX frame can benefit from a threadless fork. Thanks to Redline! Includes fork, stem, and headset for standard, BMX frames.
