

#777 of 1,500. Owner: Stan "The Mud Man" Gawlinski.
Landscaper.

"I work in dirt. I play in dirt. Dirt is my life."

Of the 1,500 Fat Chance bikes
Fat City will make this year, each
one will be hand-made. Each will
be signed by the craftsmen who
made it and then numbered.

But only one, #777, will go
through the trials, the torture, the
mud that one Stan Gawlinski can
put it through. "Just good clean
fun," says The Mud Man.
